AYER'S SARSAPARILLA.

A new Combination of Remedies, affording a most effective and more reliable medicine than has ever before been obtained.

It is a powerful medicine which stimulates the vital functions of the body and thus aids in the production of richer and purer blood, it restores the healthy action of the system, and overcomes diseases. It stimulates the depraved organs to expel the impurities which accumulate in the circulation and burst out in pimples and ulcers, or are deposited in the Liver, Kidneys, Lungs, or other internal viscera, producing sore throat and dangerous diseases. It removes the cause of disease, and health is sure to follow. The subject of complaints, although of many names, are of one origin—impurity of the blood, and consequent depression of the vital forces. Purify or renovate the blood, and you cure them.

How to do it with AYER'S SARSAPARILLA: For Pimples, Pustules, Blotches, Eruptions, and all Diseases of the Skin, take the SARSAPARILLA in moderate but constant doses, until they disappear.

For St. Anthony's Fire, Ros, or Erysipelas, Tetter, and Salt Rheum, Scaled Head, Ring Worm, &c., take the SARSAPARILLA as above, but also keep the affected part clean, cool, and free from irritation; dust it with flour, or arrowroot, or powdered starch, and it will take occasionally some mild purgative.

For Scrophulous and Scrophulous Affections, such as Tumors, Ulcers, Sores, and all its various manifestations, whether internal or external, take the SARSAPARILLA in liberal doses, until its constitutional effect removes the complaint. It will often aggravate the disorder for a few days, and then the latter should begin to disappear. In obstinate cases, which are not entirely cured after some weeks of trial, discontinue the SARSAPARILLA for a week. It will be more effectual when you recommence taking it. A mild purgative may be sometimes required. Bad Ulcers and Sores should have careful local treatment, which is described in Ayer's Almanac, which see. The severest forms of Scrophulous Disorder have been constantly and completely cured by this remedy. It produces new and healthy blood, in place of that which was corrupted by disease.

For Urinary Obstruction, Leucorrhoea, or Whites, and Female Diseases, the SARSAPARILLA should be taken in doses adapted to the constitutional strength of the patient, and constant cleanliness observed to help the cure. Local applications are sometimes indispensable, which your physician will best direct.

For Syphilis and Mercurial Diseases, the SARSAPARILLA must be taken freely and long. These complaints often require the fullest constitutional impression from the medicine, and even then yield slowly. They are very obstinate. Both complaints have been considered incurable, but this compound does rarely cure them.

A rheumatic, Lacerated Complaint, Dyspepsia, Heart Disease, Fatigue, Epilepsy and Neuralgia, are often caused by the internal effects of the Scrophulous contamination. Remove it, and you cure them.

For Catarrh, Ulceration, Carica, and Exfoliation of the Nose, as often caused by latest Scrophulous in the system. Purge it out from the blood with AYER'S SARSAPARILLA, and you will rapidly they are cured.

For Eyes, Discharges from the Ears, and the ulcerations and sores of the mouth, nose, &c., in children, which are the bursting out of Scrophulous in their blood, are soon dispersed by expelling the disorder itself with this SARSAPARILLA. The pale, sickly appearance of children often arises from digestion disordered by the same cause. Use the same cure. Scrophulous is the parent disorder from which a great variety of complaints originate in both adults and children. Expel the Scrophulous from the system with AYER'S SARSAPARILLA, and the complaint is cured.

We know the public have been deceived by many compounds of SARSAPARILLA that promised much and did nothing, but they will neither be deceived nor disappointed in this. Its virtues have been proved by abundant trial, and there remains no question of its excellence for the cure of the afflicting diseases it is intended to reach. Although under the same name, it is a very different medicine from any other which has been before the people, and is far more effectual than any which has hitherto been available to them.
